

Class40 Sogestran Seafrigo

2024 SEASON

Performance and Resilience

Review of the 2024 season of the Class40 Sogestran Seafrigo: the year was marked by strong performances in the three races contested.

Congratulations to Guillaume Pirouelle, title skipper, Cédric Chateau, team manager, and to the entire team who showed great resilience in the face of the challenges encountered between March and June (boat struck by lightning during a delivery, evacuation of skippers Pierrick and Noa, mission to retrieve the boat, repairs...).
